### Other Information

This service does not depend on a bundling arrangement with any other telecommunications services. Any cabling beyond the network end point that is required within the customer's premises is the customer's responsibility.

## Billing

The amounts in the Plan Options table are for a full billing cycle, however your first bill will be a pro-rata charge from the activation date until the last day of the month. All subsequent regular invoices will be issued on the 1st day of the month and will be for the full period of the calendar month.

## Hardware options

Hardware is not included. You may purchase a router from Swoop or provide your own router if you prefer (subject to its suitability).

## Service speeds

Service speeds shown in Plan Options are the theoretical maximums attainable by the Enterprise Ethernet connection at the highest transmission rate of the network.

Actual speeds may vary and are affected by network equipment, internet connectivity, location of the content servers you're accessing, interference, limitations of connected devices, cabling, bandwidth of other services, and other users on the network. Speeds may be slower when devices are connected by Wi-Fi.

## Discounts and promotions

This summary does not reflect any discounts or promotions that may apply from time to time. It also does not reflect any additional services that you select whilst you have this plan.
