Notes

- ¹ The new service will need to be signed on for a new contract term, and Fibre Build Contribution might apply at the new premise.
- ² There may be an upfront build charge or cost which you will be required to pay (Fibre Build Contribution). This Fibre Build Contribution may be adjusted higher retrospectively by NBN if they determine that the actual cost they will incur is higher. You agree that if NBN passes on a higher Build Charge to Swoop, Swoop may pass it onto You.
- ³ Labour Rate means \$75 per hour required for the relevant activity, rounded up to the next full hour.
- ⁴ Materials means the cost of materials necessary to perform the relevant activity.
- ⁵ Fee charged if (a) a technician attends a premise for installation but the premise is not ready for installation or (b) when a technician is dispatched for a service repair where there is no fault found within the nbn or Swoop network and/or equipment.
- ⁶ Fee charged if the Appointment Representative is not present for a site visit.
